A Real diplomatic context

12 documents
6 event groups

Ceasefires and reciprocal measures

GPT-5.6 Luna
396 fixed utterances
+ interpreted meanings

Prepared once, offline

Sources supply context; numerical rules are synthetic.

B Explicit strategic control

Public state: belief, commitments, costs

Belief-state planner

distill

Distilled PPO

Choose one controller

Execute fixed Luna utterance

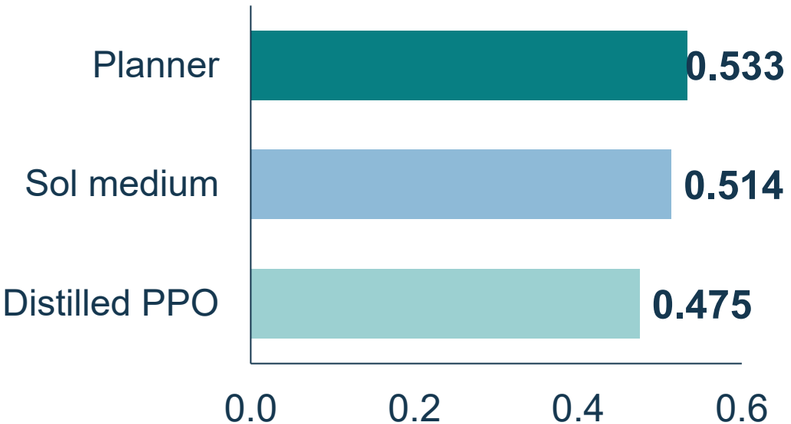

Synthetic counterpart

Observed reply → Bayesian update

Hidden type is never visible to the controller.

C Matched utility

64 matched conditions

Local controllers: 0 further model calls to choose actions
